Dear Parent/Carer

As you may be aware, mock exams are coming up on week commencing 11th November 2024 for all subjects. This letter is to outline the science provision.

Revision:

The courses we follow are AQA GCSE Biology, Chemistry and Physics (triple course) and AQA Combined Science Trilogy course. Students will be sitting paper 1, as they did at the end of year 10, with paper 2 being in the next mock exam. Topics that will be included in these exams, dates and any revision links are included in the table below:

In addition to the subject specific revision above, there is also BBC Bitesize from combined science: [BBC Bitesize Trilogy](#), Seneca and we now have a revision Google classroom. The class code is: dig5bd6. Included in the classroom is a revision timetable starting this week and ending the week before their mocks start to help students organise their revision time. There are also the revision expectations, which are linked to student's target grades, and give specific revision tasks they could be doing every day, week and month. All the resources it refers to are included within the revision Google classroom.

In the coming days I will be sending out further information about the purchase of revision guides and other resources directly from CGP. This will appear on your Parentpay account for purchase.

There will also be targeted intervention after school for which separate letters will be sent out in due course.

Please let your child's science teacher know if you have any questions or queries about these exams and we appreciate your support with revision.

Yours sincerely

Mrs A. Wiseman
